2027 SUGARR DADDY ICSI BREEDING SERVICE CONTRACT

ALL CONTRACTS/PAPERWORK MUST BE TO VER 72 HRS PRIOR TO ORDERING SEMEN OR PAY $200 RUSH FEE

BOOKING FEE IS NON-REFUNDABLE – CONTRACT CANNOT BE SOLD/TRANSFERRED TO ANOTHER PARTY

1. I,_____(Owner), hereby reserves one breeding to **SUGARR DADDY,** AQHA Registration #6164256 **(7 Panel N/N)** for the Mare_____, Reg.#_____for the Breeding Fee of **$4,000** plus the Office Fee of **$700** (made payable to VER) during Jan 1st to Dec 31st of 2027. A Non-Refundable booking fee of **$1,000** will be due when returning signed contract (booking fee will be deducted from breeding fee). **Under NO circumstances is the booking fee refundable.** All fees are due prior to ICSI. VER is to be notified of the number of embryos produced as soon as the ICSI procedure is completed. This contract cannot be sold to another party unless under extenuating circumstances and will have to be approved by VER beforehand**. Additional Embryos Fees** are as follows: **advertised breeding fee of year each embryo is utilized** plus an Office Fee of **$300** each (all fees are due when recipient mare has a 60-day positive pregnancy check). Office Fees are non-refundable.
2. Please state what ICSI facility will be used: _____
3. The owner must attach a copy of the mare's registration papers to this agreement and provide all other information as requested. The Owner agrees to breed the mare specified. If a mare change/substitution is needed, the first substitution is free of charge. Each additional substitution will have a $150 charge, unless extenuating circumstances apply. If that is the case, please give us a call.
4. Mare shall be bred using an intracytoplasmic sperm injection ("ICSI") procedure into the cytoplasm of a mature oocyte, which physically causes fertilization. Mare Owner may choose to work with any approved facility to have their mares' oocytes injected.
5. Frozen semen will be used for this contract unless fresh semen is available AND requested.
6. This contract provides for one (1) Breeder's Certificate. **This contract is considered fulfilled once there is either a viable pregnancy or a frozen embryo.** If multiple embryos are produced from this ICSI procedure, it will be the responsibility of the Mare Owner to notify VER of the number of embryos produced. This contract is considered fulfilled when one viable foal has been born. **If not reported by October 15th, the mare owner will be responsible for all late fees ($100 per embryo).** Stallion Breeding Reports are prepared immediately after the end of breeding season. If all embryos fail, a rebreed contract would be granted. **A fine of $1,000 will be issued for injecting oocyte(s) on any other mare without notifying VER first of the change or injecting oocyte(s) on any mare without a current paid (new or rebreed) contract in place.**
7. Stallion Owner is not obligated to continue enrollment of the stallion in annual incentive programs past this initial contract year. If Mare Owner desires to vitrify the embryo(s), it will solely be their responsibility to pay all nomination fees. It is also the Mare Owner's responsibility to notify VER when the frozen embryo is utilized**.**
8. **For all off season ICSI breeding's done after October 15th of this contract year embryos must be reported by December 31st or the mare owner will be responsible for all late fees ($100 per embryo) to the appropriate associations (AQHA, APHA, Etc.).**
9. Should any foal which is born to the mare, pursuant to this contract, not stand and nurse, the owner shall be entitled to a re-breed, as long as no foal has been born and no frozen embryos with the same injection date are still in storage. This rebreed shall apply only if VER is notified within one (1) week of the death of the foal. If rebreed is not attempted in the following year the rebreed contract will be voided. Rebreed contracts will be honored for 2 years after the initial ICSI date when embryos are produced. If all embryos have not been utilized within the 2 years of this contract, all rebreed rights will be null and void, even if there are embryos still in

storage. All rebreeds will require a statement from the Veterinarian, via email to VER (office@valleyequinerepro.com) before a rebreed contract will be issued. All rebreeds will be required to pay an additional office fee for the rebreed season.

10. VER does **NOT** guarantee an available recipient mare at our Recipient Facility with this breeding contract. VER recommends confirming with VER Recipient Division that the mare owner has a recipient mare contract in place prior to breeding the mare. Please call 817-594-6900 for inquiries.
11. TO OBTAIN A "BREEDER'S CERTIFICATE" YOU MUST NOTIFY VALLEY EQUINE REPRODUCTION LP OF THE BIRTH OF THE FOAL. CERTIFICATE WILL NOT BE ISSUED IF THE ACCOUNT HAS NOT BEEN PAID IN FULL. The Stallion Owner is responsible for signing the Breeder's Certificates.
12. If it should become necessary for VER to retain the services of an attorney to enforce its rights under the terms of this contract, including but not limited to the collection of any sums due, the Owner will pay VER all expenses and costs, including reasonable and necessary attorney fees incurred by VER in enforcing this contract.
13. Any dispute related to this contract will be governed by the laws of the State of Texas and venue of any dispute arising from this Contract shall be in Erath County, Texas.
14. This contract is non-transferable nor assignable without prior written consent from VER. **Contracts that are not paid in full by December 31st of 2027 will be cancelled.**
15. **If a stallion leaves VER management in the middle of the current breeding season, VER will forward a copy of all contracts and records needed to the stallion owner after which will thus terminate all mare breeding contracts with VER.**
16. All International and US Clients must pay with US Funds via Credit Card (3% Surcharge for MC, VISA, DISCOVER or 4.5% for AmEX), ACH Transfer (1% Surcharge), Wire Transfer ($50 Surcharge) or check from a US Bank account.
